151-200+	\$2,500+

Package pricing does not include tax.

Minimum deposit of 50% total due balance required at booking.

See next page for service breakdowns.

Inclusion	Service Breakdown
Design & Styling	We will create unique designs that fit your vision using our hand selected rental decor items. We will create mock-ups of tablescapes, aisle & alter decor, welcome displays, and more! Typically, we will pitch several design concepts for your day at your first planning session. From there we will work together to bring your vision to life.
Two Day of Coordinators	We will both be onsite the day of your wedding overseeing all the little details (and big ones). We will manage your carefully created timeline, vendors, styling, and transitions throughout your day.
Basic Custom Place Settings	"Basic" custom place settings include a charger, linen napkin, and table numbers. We have a variety of each to fit any color scheme or theme.
Centerpieces for all tables	Tablescapes are often the heart of our designs. The tables at your reception will take up a lot of room and a lot of time will be spent gathered around them! So, they have to be beautiful. We work with you to create unique centerpieces that are perfect for your theme.
Welcome Display	Welcome Displays are often used at the reception or ceremony entrance. You have the option of creating a customized linen welcome sign or utilizing one of our mirrors. We pair these items with ground floral displays and candles.
Basic Aisle & Alter Decor	We pride ourselves on our alter designs! We have your basic arches with drapes, but we <i>love</i> creating unique arch alternative displays. Aisle & Alter designs are included in your mock-ups at planning session one.
Set up & Tear down	We handle the set up for all of our decor items and tear down.
Scheduled Planning Sessions	Typically, we plan at least 3 planning sessions. More may be necessary to ensure that your day goes without a hitch!
